

Hazardous Waste Collection for Exeter, Stratham, Epping, East Kingston, & Newfields

Once a year (usually the first Saturday in October) Rockingham Planning hosts a Hazardous Waste Day at the Public Works Department. This provides an opportunity for residents to dispose of any of the hazardous waste they have accumulated over the year.

A \$5 per household donation is requested to help offset costs. There is a 10 gallon or equivalent limit.

Please review the attached document (below) for additional information as well as how to improve the amount of Hazardous Materials you produce/purchase throughout the year! For additional questions or information, please contact Rockingham Planning 603-778-0885.
